Director

6th Racing License Update

On July 19, 2018, the New Mexico Racing Commission put a halt to the application process. The July 30, 2018 deadline will not be for the submission of applications, but rather for a submission of a "Letter of Intent". The "Letter of Intent" submitted to the Racing Commission by July 30, 2018 must indicate the following:

- 1) The name of the entity that wishes to file an application.
- 2) The location within which the applicant wishes to submit for a new racetrack, i.e. name of city.
