| 1 | And we are glad that you've come on board to help us | 1 | calls that have come to us. I think we've addressed |
| 2 | out. Thank you. | 2 | that. We will be subsequent to the conference call, |
| 3 | MS. TENORIO: Thank you, Madam Chairwoman. | 3 | we're having a lot of the people who are contacting us, |
| 4 | CHAIRWOMAN BOURGUET: Okay. Chairwoman reports. | 4 | contact their racing secretary, and we'll see how |
| 5 | First announcement I'd like to make is that there will | 5 | communication goes with that. |
| 6 | be a rules and litigation committee meeting on | 6 | I suspect if there's any other comments about Zia |
| 7 | October 16th. Regular commission meeting is scheduled | 7 | Park, that the horsemen will have things that they'll |
| 8 | for October 17th. And you might want to add that to | 8 | need to address. |
| 9 | your calendars. As you know, chairman Commissioner | 9 | That concludes my report. I will be announcing a |
| 10 | Corazza is our medication chair and will be presiding | 10 | statement before public comment. And when we get to |
| 11 | over that meeting. I will be alongside as co-chair, but | 11 | that, I will explain to you how we're going to move |
| 12 | we're very fortunate to have Commissioner Corazza as he | 12 | forward regarding public comment. |
| 13 | also offers service on the pharmacy board and has been a | 13 | Okay. Moving to the agency director report, the |
| 14 | significant help to the Commission knowing a lot about | 14 | New Mexico Horsemen Breeders Association report. |
| 15 | the drugs that have been used or should not be used, and | 15 | MS. BARBER: Good morning. I'm Mary Barber from |
| 16 | the rules that should be made regarding the health and | 16 | the New Mexico Horse Breeders Association. You should |
| 17 | safety of our industry. | 17 | have copies of my report in front of you. We'll do the |
| 18 | Also in the audience, we have a representative | 18 | race-a-day report starting with Ruidoso Downs. |
| 19 | New Mexico Representative Ezzell, would you please say | 19 | In their 54 days of racing, they ran 197 New |
| 20 | hello. | 20 | Mexico-bred races. This is 30 races more than last |
| 21 | MS. EZZELL: Thank you for acknowledging me this | 21 | year. However, they did run like seven days more than |
| 22 | morning. | 22 | the previous year. They averaged 3.65 New Mexico-bred |
| 23 | CHAIRWOMAN BOURGUET: Good morning. We're happy | 23 | races per day, and they were plus 35 for their required |
| 24 | to have you. I think that will do for right now. If I | 24 | three a day. Their average field size for thoroughbreds |
| 25 | overlooked somebody, I apologize. I would like to thank | 25 | was 7.02, quarter horses, 8.87, for a combined average |
| | Page 6 | | Page 8 |
| 1 | people who have shown up today to take an interest in | 1 | field size of 7.72. |
| 2 | | 2 | For the Downs of Albuquerque, I'm only reporting |
| 3 | commission to provide opportunities to better our | 3 | on 51 days. At the time that I made this report and had |
| 4 | industry. And we know that with your input, that we can | 4 | to send it in, they had not run their final week of |
| 5 | all work together as a community. Thank you very much. | 5 | racing. So in that time, they ran 196 New Mexico-bred |
| 6 | The next item that I wanted to talk about is my | 6 | races. That's ten more than last year. They averaged |
| 7 | visit with Izzy Trejo and Leasa Johnson, investigator, | 7 | 3.84 New Mexico-bred races per day, and they were plus |
| 8 | when we went to Zia Park for the track safety | 8 | 43 for their required three a day. Their thoroughbred |
| 9 | inspection. And we did that the day after Ruidoso had | 9 | average field size was 7.01. Quarter horses, 8.83, for |
| 10 | their All American race and Derby race. The next day we | 10 | a combination of 7.70. |
| 11 | all drove to Hobbs for that. And, you know, we did get | 11 | CHAIRWOMAN BOURGUET: I had a question for you, |
| 12 | there early, so not everything was completely done, but | 12 | Ms. Barber. When you give your report, and you say that |
| 13 | I think we've had healthy conversations with Zia Park | 13 | there's 30 more or ten less or whatever, is there a way |
| 14 | about things that are ongoing, and we're hoping that | 14 | that you can include in your report if those are stake |
| 15 | they will address I know the Commission will be | 15 | races or if they're claiming races or you know, it |
| 16 | talking about this during executive session. And at our | 16 | doesn't really give us I know that you have a list |
| 17 | last meeting, there were concerns that they had not | 17 | here of the races, but it would be easier for us to see |
| 18 | hired a director of racing, and when the motion was made | 18 | what type of races, were they new races, new stakes, new |
| 19 | for them to do that, they decided that they would have | 19 | you know, is it something that we |
| 20 | their current racing secretary also have the title of | 20 | MS. BARBER: Well, it's this comparison that's |
| 21 | director of racing. I'm not sure that's what the | 21 | also a part of this report. I'm saying they're plus 35 |
| 22 | intention of the Commission was. But like said, this is | 22 | a day, but that's for overall, of course. I don't |
| 23 | something we'll be discussing. I would like to say that | 23 | it's pretty much their overnight races is what they're |
| 24 | Izzy and I have had telephone conference calls with Zia | 24 | up or down on. If you look at their stake races and |
| 25 | Park trying to address some of the concerns phone | 25 | their trials, they must remain the same for the |

| 1 | most part. But I can certainly try to include that in | 1 | question. Does that influence the total? |
| 2 | my report for you next time. | 2 | MR. COOK: Yes, slightly. The quarter horses |
| 3 | CHAIRWOMAN BOURGUET: Okay. Maybe what you might | 3 | just slightly. Thoroughbreds a little bit. But there |
| 4 | also include in that is the type of race and the monies | 4 | again, we've got a lot of scratches by the end of the |
| 5 | for that race the type of race that was, I think that | 5 | week, so our numbers and her numbers are going to be a |
| 6 | would be helpful. | 6 | little bit different, but we figure our field size after |
| 7 | MS. BARBER: All right. Sure. | 7 | the scratches, what actually runs down the race. |
| 8 | CHAIRWOMAN BOURGUET: Thank you. | 8 | CHAIRWOMAN BOURGUET: Right. And I think that's |
| 9 | MS. BARBER: Okay. So then on to the New | 9 | kind of a good statistic for us. Maybe we can get that |
| 10 | Mexico-breds running in open overnight races at Ruidoso | 10 | information comparatively. |
| 11 | Downs in their 54 days, 478 New Mexico-breds ran in | 11 | MR. SMITH: What do you attribute that to, the |
| 12 | overnight races. And of these, 174 came in first, | 12 | scratches? |
| 13 | second, or third. That is an average of 36 percent, 88 | 13 | MR. COOK: Well, I mean, we had a couple of |
| 14 | were thoroughbreds, 86 were quarter horses, and they | 14 | turnovers at the gate, which that happens. |
| 15 | shared in 86,248. If you'd like to look back through | 15 | MR. SMITH: Sure. Most of the time, the trainer |
| 16 | the report, you could see each individual horse, whether | 16 | inner tube. So the race will go, and then it will |
| 17 | they came in first, second, or third and exactly how | 17 | scratch one. That happens quite a bit. |
| 18 | much extra funds they made for being a New Mexico-bred | 18 | MR. COOK: You said that, not me. No, it |
| 19 | in that race. There are also a few that are on hold | 19 | happens. And we do not like that. We hope that when |
| 20 | still. And that money is not included in this total, | 20 | you enter, you enter to run, not to pull play any |
| 21 | because it has not been paid yet. | 21 | games with us, you know. |
| 22 | For the Downs of Albuquerque, in their first | 22 | CHAIRWOMAN BOURGUET: Do you have any house rules |
| 23 | 47 days, which is what was clear at the time I did this | 23 | about that, Mr. Cook, for somebody who uses it |
| 24 | report, 435 New Mexico-breds ran in open overnight | 24 | continuously? |
| 25 | races, and of those, 120 came in first, second, or | 25 | MR. COOK: Actually, we called out a trainer a |

| 1 | that correct? | 1 | I am a member of the economic development |
| 2 | MR. TREJO: Madam Chair, Members of the | 2 | leadership team in the City of Raton, and I am here |
| 3 | Commission, Representative Ezzell, any violations are | 3 | representing the city. When the six license comes back |
| 4 | reported to me, Dr. Waterman, and investigator and the | 4 | to the table for discussion, the City of Raton would |
| 5 | stewards. | 5 | like to put up its nomination, if you will, for that |
| 6 | MS. EZZELL: Okay. And Madam Chair, Members of | 6 | license to reinstate the track in Raton. It's not in |
| 7 | the Commission, I know there's been some tough | 7 | competition with any of the other tracks in our great |
| 8 | challenges that you-all have had to deal with, and I | 8 | state, but it is to bring more economic development to |
| 9 | know it's not an easy job. And the steps that you-all | 9 | the northern part of the state. So bringing it back to |
| 10 | have taken, I think we can all work together to make | 10 | Raton, where it was for many years, opens up |
| 11 | this industry better than what we have right now. And I | 11 | opportunities for the surrounding areas that are really |
| 12 | think working with the Horsemen's Association, the Horse | 12 | struggling. And it's also that opportunity for more |
| 13 | Breeders Association, and the five tracks that are in | 13 | workforce opportunities. And it sits right on the |
| 14 | place in the State of New Mexico, putting together | 14 | Colorado border. And a lot of the people from Texas, |
| 15 | another summit I think would benefit the industry | 15 | Oklahoma, Wyoming, as it has in the past, it gives them |
| 16 | tremendously. We are continually under attack by | 16 | another opportunity. |
| 17 | certain special interest groups, and they don't want to | 17 | So with those magnificent creatures that want to |
| 18 | see the good that we do for betterment of equine racing. | 18 | get out there and run, and for the owners, the breeders, |
| 19 | And they they're always trying to see the negative | 19 | trainers, and the riders, this will give northern New |
| 20 | side of this. I think with the steps that all of us | 20 | Mexico the opportunity to invite them there, and bring |
| 21 | take to make the necessary changes to eliminate some of | 21 | in more for our state our great state. And that also |
| 22 | the bad publicity that racing gets, that we have done so | 22 | can work alongside of Farmington, and in future meetings |
| 23 | so far can only be expounded on. So with that, I will | 23 | that you have with the Commission, we would like to talk |
| 24 | step down. | 24 | about the mile-high circuit and the opportunities that |
| 25 | Thank you for allowing me this opportunity to | 25 | our great state has. |
