Honorable Michelle Lujan-Grisham
Governor of New Mexico
Office of the Governor

Dear Governor Lujan-Grisham,

It is with great pleasure that the New Mexico Racing Commission (NMRC) provide you with the following report of the 2018/2019 racing season/annual report pursuant to 60-1-3(f). This report consists of data regarding wagering trends, equine drug testing statistics and catastrophic breakdown data at the six licensed race meets, as well as other information about the NMRC operation.

The most important goal of the NMRC is enhancing the integrity of New Mexico's horse racing industry. The NMRC is fully aware that the integrity of the horse racing industry is paramount to its success. The NMRC has implemented or enhanced programs to ensure that horse players in New Mexico and around the country are wagering on the fairest game possible. To ensure this, the agency has increased its number of samples analyzed in post-race and out of competition testing. Data compiled by the NMRC and contained in this report clearly indicates the New Mexico horse racing industry has seen significant decreases in post-race medication violations, despite the large increases in number of samples analyzed. The NMRC intends to focus on increasing the number of samples analyzed for out of competition testing as the NMRC sees this as the future of combatting the illicit use of illegal drugs in the sport.

Also experienced in 2019 is the public's increased demand to ensure that the equine athlete's welfare is a top priority. The NMRC has instituted a "High Risk" program in which horses' past performances are scrutinized by the Racing Stewards which in turn, brings the attention of that horse to the Official and Racing Veterinarians for further scrutiny. The NMRC and its employees have and will continue to be dedicated to adopting stringent rules and best practices that will focus on enhancing the wellbeing of the horse.

In closing, the staff at the NMRC considers it an honor and privilege to serve the citizens of the great state of New Mexico as well as the wagering public that puts their confidence in our industry. Please contact our office for any assistance you may need.

Respectfully,

Ismael "Izy" Trejo
Executive Director

MISSION STATEMENT

To provide regulation in an equitable manner to New Mexico's pari-mutuel horseracing industry to protect the interest of wagering patrons and the State of New Mexico in a manner which promotes a climate of economic prosperity for horsemen, horse owners and racetrack management.

HISTORY OF THE COMMISSION

The Horse Racing Act (HRA) was enacted in 1938, allowing horse racing and pari-mutuel wagering in New Mexico, the Commission oversees compliance with the HRA.

The statute authorizes the Racing Commission to enforce and administer the statutes by allowing for the creation and enforcement of rules and regulations pertaining to horseracing.

The Racing Commission is authorized under the authority of 60-IA-1 through 60-IA-30, NMSA 1978. The statute mandates the Agency to regulate and enforce the statutes and rules and regulations of the horseracing industry. The statute authorizes a five-member commission appointed by the governor and approved by the senate. The current FTE is 23.

By statutory authority, the Commission must closely work with the horseracing industry to ensure the integrity of the industry. Patrons at the racetracks rely on the Commission so they may confidently place wagers on horses in races conducted within the state.

THE RACING COMMISSION'S WORK AND ACTIVITIES INCLUDES THE FOLLOWING:

- Licensing of all racing participants
- Oversight and judgment of races and racetrack operations
- Testing of selected horses for drug detection
- Investigation and enforcement of rule and regulation infractions
- Testing of pari-mutuel pay-outs
- Oversight of racetrack financial obligations
- Oversight of racetracks' capability and viability to operate a race meet
- Promote and support the economic and viability of the horseracing industry within the State

Commissioner Smith has served on various boards for the American Quarter Horse Association including the Graded Stakes Committee, the Championship Selection Committee and the Racing Committee.

ISMAEL "IZZY" TREJO

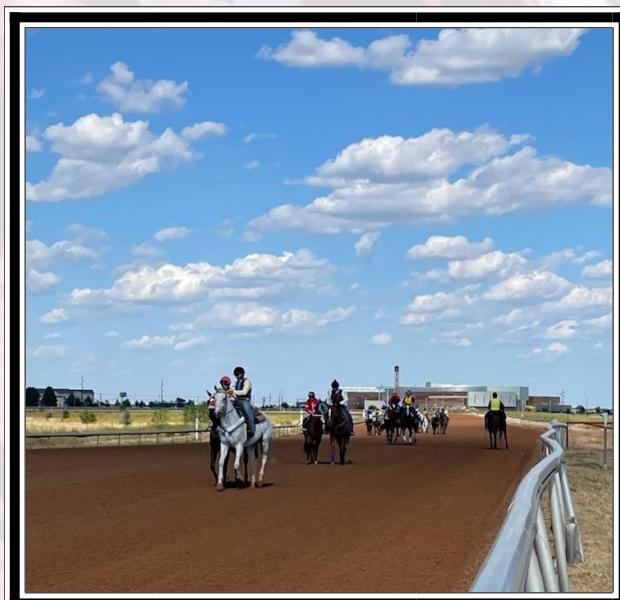

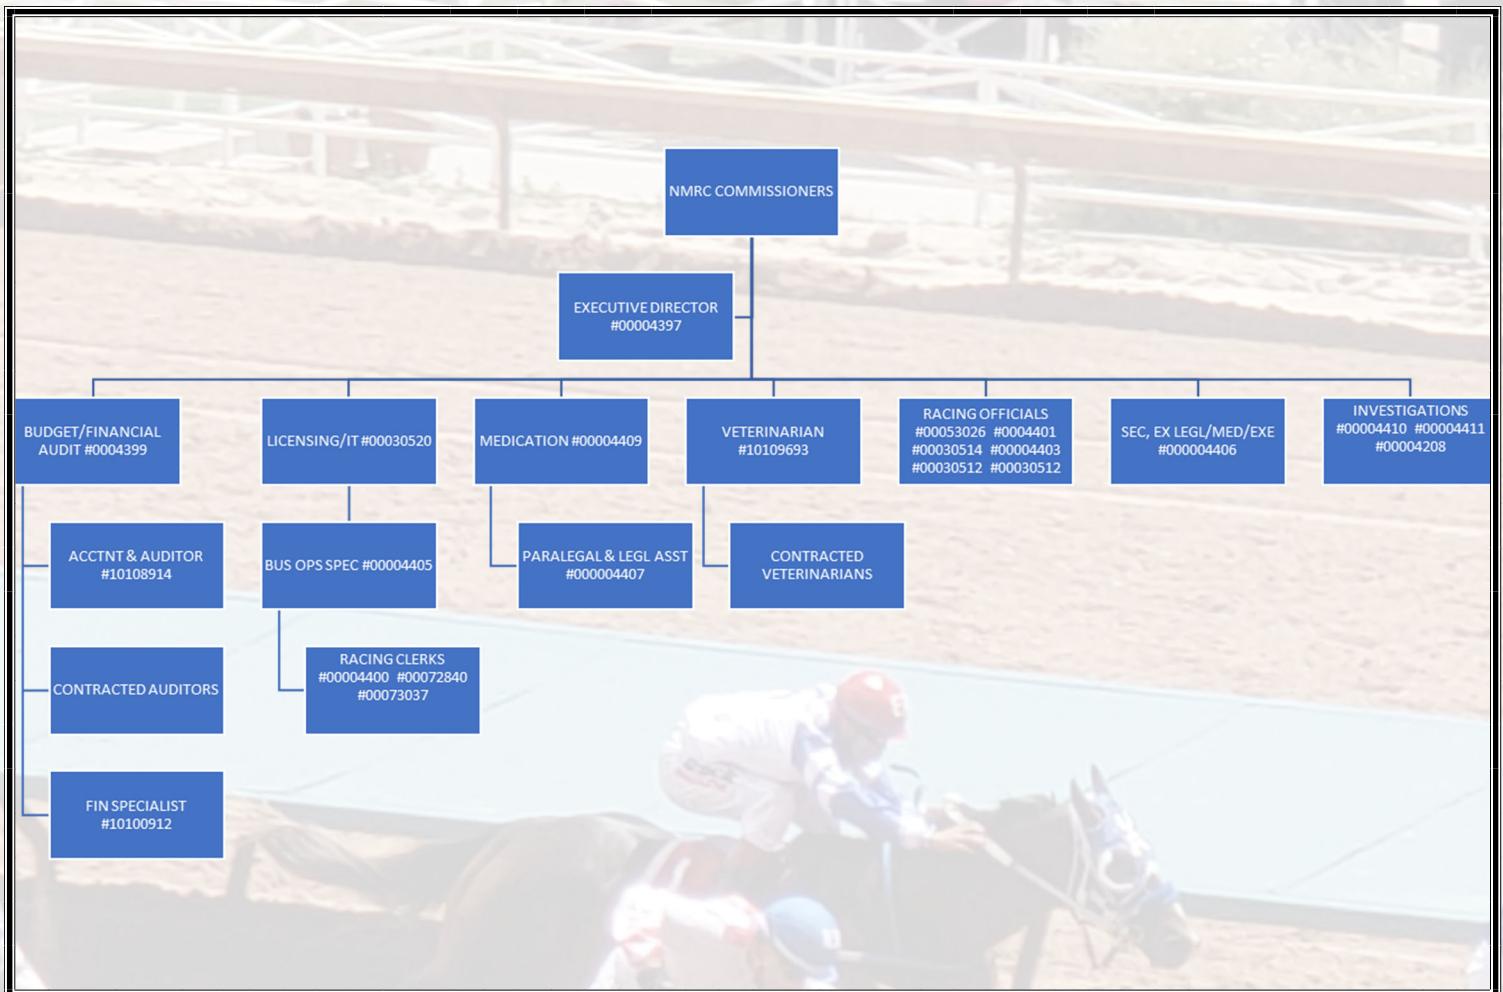

Director Trejo, a graduate of the famed University of Arizona Racetrack Industry Program in Tucson, AZ., joined the NMRC team in March of 2016 as part of a national search for a new Executive Director.

He comes to New Mexico with over 40 years in the industry as he grew up around racetracks in the United States and Canada, including the Downs at Santa Fe and the New Mexico State Fair. His experience includes growing up taking care of horses in his Father's racing stable, running the racing operation as the Director of Racing/Racing Secretary of Delaware Park, and as a regulator in West Virginia, Virginia, and Arizona. Based on his experience, Director Trejo has the good fortune of understanding the horse racing industry from the perspective of a horseman, track management and a regulator.

Trejo's main focus for the New Mexico horse racing industry is the well-being of the racehorse as he says, "They are the centerpiece of the industry".

NMRC DRUG TESTING PROGRAM

The New Mexico Racing Commission entered into an RFP with Industrial Laboratories on June 28, 2018. In 2019 a total of 10,565 post race tests were analyzed compared to 8,375 in 2018 and 4,707 in 2017. That is a 124% increase from 2017 to 2019. The increase in testing was derived from the agency's ability to obtain an aggressive price plan with Industrial Laboratories. The agency's percentage of violations in post-race testing was .96% in 2019, down from 3.5% in 2017, a 72% decrease in 3 years. In 2019, the NMRC ranked 3rd in the nation in out of competition samples analyzed. In total, the agency had 819 out of competition samples analyzed with a violation rate of 7.3% in hair samples and 2.1% in blood samples. The numbers are indicative that cheating is ongoing in the industry, albeit decreasing, and the focus needs to be on out of competition testing.

CATASTROPHIC INJURIES

In the 2018/2019 race season, horse racing jurisdictions across the country realized increased pressure from the general public and mainstream media to assure the equine athlete's welfare was paramount. A racetrack in California was ordered to shut down for several months due to a high catastrophic injury rate. The NMRC is happy to report that programs and rules to enhance the welfare of the horse were implemented in New Mexico to assure the racehorses have as much protection as possible. The agency created one of the most stringent drug testing programs in North America with an increased focus on out of competition testing. The NMRC also implemented "paired testing" in which blood and urine are extracted from the racehorse for testing as some drugs are more detectable in one type of sample or the other. The agency also adopted hard hitting rules that keeps horses from participating in racing for a minimum of 60 days if any levels of illicit drugs are found in their system. Lastly, the agency implemented the "High Risk" program in which racehorses' past performances are reviewed by the Racing Stewards which entails the high-risk horses to be scrutinized more so by the Official and Racing Veterinarian. The NMRC feels that these useful components played a role in New Mexico's horseracing industry having a lower-than-average catastrophic breakdown rate which is measured by number of catastrophic injuries per 1,000 starts.
