RE: Approved split labs

Dear Regulators,

The NMRC approved modifications to the approved list of split sample laboratories at the April 16 NMRC meeting. The NMRC approved the removing of **Truesdail Laboratory** from any split sample testing and approved **Texas A & M Veterinary Medical Diagnostic Laboratory** to test urine and blood only. The following is an updated list of approved split sample labs:

UC Davis Kenneth L. Maddy Equine Analytical Chemistry Laboratory--Blood, Urine and Hair

Ohio Department of Agriculture----- Blood and Urine

Pennsylvania Equine Toxicology and Research Laboratory----- Blood and Urine

Texas A & M Veterinary Medical Diagnostic Laboratory----- Blood and Urine

Please keep this on file. If you have any questions, please do not hesitate to call me.

Best Regards,

Ismael "Izzy" Trejo
Executive Director- NMRC
